RE: Your Non-responsive Response to 2015-07-23 FOIA

Request. Mayor Grider,

Your questions (repeated below) are followed by responses.

1. On what specific property does the request pertain to?

This request pertains to all Town of Skykomish public lands, properties and parcels remediated as part of BNSF's Railway's environmental cleanup effort.

2. On what federal, state, municipal code, statute or other standard is the "compliance" based upon?

Please consult Town environmental counsel, Carson Law Group and Town Technical Advisor, Clint Stanovsky, regarding 'Best Geo-Technical Seismic Practices and Industry Standards' they relied upon, employed and complied with.

3. What specific "geo-tech practices" are you referring to?

'Best Geo-technical Seismic Practices and Industry Standards' as recommended for and relied upon by environmental professionals. Carson Law Group and Clint Stanovsky should have copies readily available for you.

4. During what time period should the documents cover?

Documents should cover the time period commencing with date the BNSF Railway initiated environmental cleanup efforts through the date of completion of those efforts.

Respectfully,

Karl Benz
